[solitaire - Bicycle Cards](#) : how-to-play : solitaire

The first objective is to release a card from the tableau and play into position certain cards to build up each foundation, in sequence and in suit, from the ace through the king. The ultimate objective is to build the whole pack onto the foundations, and if that can be done, the Solitaire game is won.

The minimum number of total moves needed for winning a standard game of Solitaire is 52. This means that every card is successfully moved to the foundation piles without any mistakes or undoing moves.
